

EQUIPMENT TRAILERS

**ENHANCED INNOVATION IN
EQUIPMENT TRANSPORTATION**

*EZ Load Drop Deck & Tilt Deck Systems
All Aluminum Construction*

About Us

Timpte has been serving the transportation industry since 1884; longer than any other trailer manufacturer. Headquartered in David City, NE since 1980 on over 60 acres of campus, Timpte is well known for our Super Hopper line of aluminum dry bulk commodity trailers and we're proud to be the #1 selling dry bulk commodity trailer in North America. As the recognized market leader, Timpte has leveraged our in-depth engineering and manufacturing experience with aluminum – along with our economies of scale – to offer the equipment trailer market a very unique and highly differentiated product-line. Timpte's equipment trailers offer the versatility to haul a wide variety of equipment without compromising our high standards for quality and durability. Compared to their steel counterparts, aluminum provides a much lighter empty weight making our trailers easier to pull and providing higher payload capacity.

The same aftermarket parts supply & warranty support that enabled Timpte to become the #1 selling dry bulk commodity trailer in North America is utilized to support our equipment trailer business. The Timpte Parts Center can quickly process parts orders to ensure timely delivery to our Dealer's facilities and our experienced Warranty Team will work closely with the Dealers to diagnose problems and quickly implement the necessary repairs.

Timpte represents American craftsmanship and innovation at its finest. From initial investment through the entire life-cycle ownership experience, Timpte looks forward to working with our distribution partners to ensure our valued end customers enjoy the best transportation solutions available.

Warranty Claims

Final end customer must register their equipment trailer online by filling out the form at:
[Timpte.com/equipment-trailer-registration](https://www.timpte.com/equipment-trailer-registration)

For all warranty claims please contact our warranty department at 402-367-3056 or email warranty@timpte.com.

312 Model

2,990 GVW
12 feet x 81" deck

1420 Model

14,000 GVW
20 feet x 82" deck

1424 Model

14,000 GVW
24 feet x 82" deck

Powered EZ Load Deck Lowering System

Raise and lower your deck bed, featuring four degree approach angle, with one push of a button on your wireless remote or main switch. Trailer can be loaded or unloaded without being hooked to tow vehicle and does not require ramps. Save space by storing equipment on trailer in its lowered position while not in use.

All Aluminum Construction

The empty weight you want and the strength you need! Easy to use and operate with no structural aluminum welds. From main c-channel frame, to side rails and deck material, this lightweight trailer delivers reliable and smooth performance that is easy to use and operate with minimal clearance.

Wireless Remote Operation

Raise the trailer from inside or outside loaded equipment.

Theft Prevention

No longer will theft be an issue. Eliminate the need for chains and padlocks for securing your trailer in place when not in use. Lower trailer, lock it, and leave it.

312 / 314 Models

Model	GVW	Bed Size	Empty Weight
312	2,990	12' x 81"	1,040 lbs
314	2,990	14' x 81"	1,180 lbs

Split Tilt Deck System

Deck is able to be raised and lowered by optimizing an adjustable hydraulic cylinder system to allow for ease of use and safety when loading and unloading equipment, without requiring ramps, and gives more control to the operator. Each trailer features a stationary deck for the ability of loading attachments or other forms of equipment.

All Aluminum Construction

The empty weight you want and the strength you need! Easy to use and operate with no structural aluminum welds. From main c-channel frame, to side rails and deck material, this lightweight trailer delivers reliable and smooth performance that is easy to use and operate with minimal clearance.

Manual Lock System

Located on the side rail, the locking system will latch when equipment is loaded. Trailer will not be able to lower until system has been unlatched and hydraulic valves been released.

1420 / 1424 Models

Model	GVW	Bed Size	Empty Weight
1420	14,000	16' + 4'	2,620 lbs
